Different seats are up for election each year. Call the county elections official to find out what year when a certain seat or area will be up for election. Jurisdictions that are authorized to call for a special election, either to fill a vacancy or propose a measure to voters, may do so on either their regularly scheduled election date listed above or on any of the other established elections listed in Election Code 1000.

To call an election on any other Tuesday, the jurisdiction must meet specific criteria.

**Elections Held on a Date other than an Established Election Date must be One of the Following:**

- **Governor calls a Special:** Special elections called by the Governor
- **Charters:** Elections called by chartered counties or cities where the charter provisions provide for other election dates.

Any kind of school district election may also be consolidated with these elections if 95 percent or more of the school district population is contained within the chartered city or county. Election Code Section 1302.2 reiterates the ability of a school or community college district that shares territory with a charter city to consolidate its governing board election with that charter city’s election. The section further allows all component districts of a high school or community college district to consolidate as well. This section makes no reference to the percentage of school territory the city must contain in order to have such a consolidation like Section 1003(d) requires – it simply calls for inclusion of “territory that is in part the same as the chartered city.”

- **Petition Calling for Election of School Trustee:** School governing board elections where a provisional appointment has been made and a petition is circulated with a sufficient number of signatures calling for a special election to be held are not required to be held on established election dates. The Superintendent of Schools is required to call an election no later than the 120th day after the determination of a sufficient petition.

However, if a regular election date, as defined in Section 1000 of the Election Code, occurs between the 120th day and the 150th day following the determination, the county superintendent of schools may call the special election to be conducted on the regular election date.

- **Initiative\*Referendum\*Recall:** Elections held as a result of an initiative, referendum, or recall for any jurisdiction where the additional threshold of valid signatures were collected can force the question to an election date other than an established election date.
- **All Mail Ballot:** Any election conducted solely by mailed ballot. Refer to the Mail Ballot Elections section below.
- **School Bonds – 2/3 vote :** The school governing body or initiative petition can place a 2/3 vote school bond question on a ballot on any Tuesday. Such an election may not be held within 45 days before a statewide election or within 45 days after a statewide election unless conducted at the same time as the statewide election or on an established election date pursuant to Section 1000 of the Election Code. (Education Codes 15100,15340,1302.2)

### **Mail Ballot Elections**

Some elections conducted by all mail ballot are also exempt from calling elections on the established election dates.

### **Established Mailed Ballot Election Dates (Election Code 1500)**

The established mailed ballot election dates are as follows:

- a.) The first Tuesday after the first Monday in May of each year.
- b.) The first Tuesday after the first Monday in March of each even-numbered year.
- c.) The last Tuesday in August of each year.

### **Conditions for conducting all mail ballot election (Election Code 4000)**

A local, special, or consolidated election may be conducted wholly by mail provided that all of the following conditions apply:

- a.) The governing body of the local agency authorizes the use of mailed ballots for the election.
- b.) The election is held on an established mailed ballot election date pursuant to Section 1500.
- c.) The election is one of the following:
  - 1.) An election in which no more than 1,000 registered voters are eligible to participate.
  - 2.) An election on a measure or measures restricted to (A) the imposition of special taxes, or (B) expenditure limitation overrides, or (C) both (A) and (B), in a city, county, or special district with 5,000 or less registered voters calculated as of the time of the last report of registration by the county elections official to the Secretary of State.
  - 3.) An election on the issuance of a general obligation water bond in accordance with Section 12944.5 of the Water Code.
  - 4.) An election or assessment ballot proceeding required or authorized by Article XIIC or XIID of the California Constitution. However, when an assessment ballot proceeding is conducted by mail pursuant to this section, the following rules shall apply:

A. The proceeding shall be denominated an “assessment ballot proceeding” rather than an election.

B. Ballots shall be denominated “assessment ballots.”

Some specific districts have obtained an exemption in the Elections Code from holding specific types of elections on established election dates, as long as it is done by all mail ballot:

- Have no more than 1,000 registered voters.

However, Election Code 4108 allows a “district,” regardless of the number of registered voters, to conduct an election by all-mail on an established mail ballot election date (found in Section 1500), or on any other date other than an established election date. This section was moved from the UDEL section and is intended to apply only to special districts; however, mail ballot elections have been called for school districts under this section.

- The election is to approve maximum property tax rates .
- The election is called by a city, county or special district (schools are not listed) with 5,000 registered voters or less and the election is for a measure to impose a special tax or a Gann Limit override or both.
- The election is for a general obligation water bond to fund acquisition and construction of works and facilities to enable the local public agency or improvement district to utilize the water supply secured by contract with the state.
- The election is for a special tax under Article XIIC or XIII D of the CA. Const. This includes all parcel tax elections regardless of the size or type of jurisdiction.
- The election is for a general tax pursuant to Proposition 218 . The Constitution requires the election be consolidated with a regularly scheduled general election for members of the governing body of the local government, except in cases of emergency declared by a unanimous vote of the governing body; or
- The measure is an assessment ballot proceeding held pursuant to Proposition 2184.

#### **Exception for Special Districts to Conduct Any Election by All Mail Ballot**

Elections Code 4002 states: “Notwithstanding Section 4000, a special district may conduct its elections by mail in accordance with Sections 1500, 4104, 4105, and 4108.”

And, Election Code 4108 states: “Notwithstanding any other provisions of law and regardless of the number of eligible voters within its boundaries a district may, by resolution of its governing board, conduct any election by all-mailed ballots pursuant to Division 4 (commencing with Section 4000).

An election conducted pursuant to this section shall be held on a date prescribed in Section 1500 or on any other date other than an established election date.”
