Supervisors Hold Second Redistricting Hearing

The Sacramento County Board of Supervisors will continue discussions and hear public comments on several draft redistricting proposals before approving a final plan as the basis for an ordinance that legally describes the new districts.

When: Tuesday, August 9, 2011 at 2:15 p.m.

Where: County Administration Center, Board of Supervisors Chambers, 700 H Street, Sacramento, CA

At a public hearing on July 26, Supervisors narrowed down five proposed plans prepared by the Voter Registration and Elections Office to two, and one submitted by a private citizen. Supervisors directed staff to make adjustments to the plans and bring back for their consideration on August 9.

The redistricting process is required after each US census in order to adjust the boundaries of county supervisorial districts to make them as equal in population as possible.
