### Statewide Presidential Primary Election Update

## Sacramento County Elections Goes Mobile

### Find your polling place with new mobile website and Android app

Finding your polling place in Sacramento County on Election Day has never been easier thanks to a new mobile website and Android application.

Visit the mobile website from your iPhone, Android, iPad, or Blackberry mobile device at [www.elections.saccounty.net/SAC\\_VRE\\_DF\\_Mobile\\_App](http://www.elections.saccounty.net/SAC_VRE_DF_Mobile_App). The Polling Place Map allows you to see the polling place(s) around your smartphone's current location indicated with a green marker. The Search by Address function lets you type in any valid Sacramento County address to view the polling place(s) around that particular address.

In addition, a free Android application that provides the same functionality can be downloaded from the [Android Market](#). Search for "Sac Poll."

"Now you can find your nearest polling place while on the go anywhere in Sacramento County," says Registrar of Voters Jill LaVine.

Developed in-house by the Elections Office, the mobile website and Android app take advantage of the growing popularity of mobile devices that can look up information remotely without waiting to get back to a home or office computer. Plans are underway to develop a similar application for the iPhone and Windows Phone platforms.

You can also find your polling place by visiting the Elections Office [website](#) or by calling the polling place locator phone line at (916) 875-6500.

**Election Day is June 5!** Polls are open from 7:00 a.m. to 8:00 p.m.

Visit us online at [www.elections.saccounty.net](http://www.elections.saccounty.net) or call (916) 875-6451.
